## FOR IMMEDIATE RELEASE

**U.S. NAVY Awards POK a contract to provide 3000 Nozzles of the 95 GPM NAVY nozzles in 2009 and therefore for two additional years. NSN# 4210-00-465-1906**

**U.S. NAVY Awards POK a Contract to Provide 2000 Gated valves 2.5''X (2) 1.5''. NSN# 4210-00-255-0234**

Cambridge, MD. November 2009 POK of North America Inc. has been awarded multiple US military contracts providing but not limited to nozzles and gated valves.

POK first developed these new products about six years ago to meet the military's increasing needs in Operation Enduring Freedom and Operation Iraqi Freedom.

"The equipment and services POK is providing to support U.S. Military operations, especially in Iraq and Afghanistan, are protecting the lives of our soldiers," said Jean-Marc Tasse, President of POK of North America Inc.

These awards underscore the joint commitment of POK and the U.S. Government to ensure the highest operational readiness of this critical capability for our soldiers.
