

WILDLAND FOAM and AGENT APPLIANCES

Hardcoat Anodized Aluminum and PTFE

The unique foam or agent portable units offer a durable, lightweight constant gallonage tip. Machined out of high-grade aluminum alloy with the trademarked NITUFF™ finish that gives 50 microns of PTFE impregnated anodized to minimize the build up of foam or agent and minimize maintenance. The standard shutoff ball is also coated using the NITUFF process, which provides years of smooth action with minimal wear.

The unique foam or agent portable units offer flow ranges from 5 GPM to 60 GPM @ 100PSI in a 3/4", 1.0" and 1.5" inlet. Infinite metering device, OFF, 0.4%, 1% and 3% OR OFF 1%, 2% and FLUSH or single metering % are available in a wide range of education rate.

Code	Description
90040	POK agent nozzle come complete with metering device, pick-up tube 3/4" FGHT inlet, 1.0" or 1.5" nozzle inlet
18636	POK agent unit 2 liter portable gel or fom unit with single metering % 1.0" or 1.5" inlet
90089	POK agent unit 4 liter portable gel or foam unit with infinite metering device % 1.0" or 1.5" inlet

Code	Description
12669	Low air aspirating nozzle 10 -20 GPM 1.0" or 1.5" inlet
9042	Low air aspirating nozzle 50 -60 GPM 1.5" inlet
13740	Medium air aspirating nozzle 10 -20GPM 1.5" inlet
13737	Medium air aspirating nozzle 50 -60 GPM 1.5" inlet

Code	Description
90057	Pail Pick-Up Tube 3/4" MGHT, lightweight in plastic Designed to work with the 5 gallon pail
