

2 WAY BIPOK

The valves are made primarily of aluminum alloy in a heat - treated, fire engine red finish.

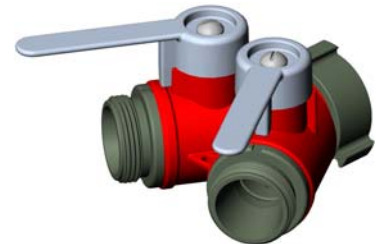

The other major components are made of stainless steel and galvanized brass. Some of the major characteristics of these ball valves include: anti -freezing assembly, the visual indicators for "open" and "close", friction loss reduced by up to three times, light weight and smaller design.

Optional pressure gauges and handle styles available for the regular BIPOK

Code	Description	H	W	L	Weight
16014*	BIPOK wildland 1.5" F NST inlet X (2) 1.0" M NST outlets		6.5"	5.5"	1.02 lb
16015*	BIPOK wildland 1.5" F NST inlet X (2) 1.5" M NST outlets		6.5"	5.5"	1.02 lb
16016*	BIPOK wildland 1.5" F NST inlet X (1) 1.0" M NST outlet X (1) 1.5" M NST outlet		6.5"	5.5"	2.54 lb
16017*	BIPOK wildland 1.5" F NPSH inlet X (2) 1.0" M NPSH outlets		6.5"	5.5"	2.54 lb
16018*	BIPOK wildland 1.5" F NPSH inlet X (2) 1.5" M NPSH outlets		6.5"	5.5"	2.54 lb
16019*	BIPOK wildland 1.5" F NPSH inlet X (1) 1.0" M NPSH outlet X (1) 1.5" M NPSH outlet		6.5"	5.5"	2.54 lb
